

**THE CONSEQUENCES OF THE BIDEN-HARRIS ADMINISTRATION'S
OPEN-BORDERS POLICIES: THE CASE OF THE ILLEGAL ALIEN
INVOLVED IN AN ANTISEMITIC ATTACK**

Interim Staff Report of the
Committee on the Judiciary
and
Subcommittee on Immigration Integrity, Security, and Enforcement
U.S. House of Representatives

September 10, 2024

EXECUTIVE SUMMARY

In less than four years, the Biden-Harris Administration has released into the United States more than 5.6 million illegal aliens,¹ with another 1.9 million illegal alien “gotaways” escaping into the country during the same time.² That chaos at the southwest border, created and incentivized by the radical policies of President Joe Biden and “border czar” Vice President Kamala Harris, has led to insecurity in the interior of the country. Too many of the illegal aliens allowed into the country by the Biden-Harris Administration commit crimes against Americans and other U.S. residents. While the Administration misleadingly claims that illegal aliens are fully screened for criminality at the border,³ former U.S. Border Patrol Chief Rodney Scott has admitted that the “vetting” process is the equivalent of checking aliens “against a blank sheet of paper.”⁴

Every community in the country suffers from the consequences of the Biden-Harris border crisis and the Biden-Harris Administration’s lack of immigration enforcement. With illegal aliens released by the Biden-Harris Administration committing crimes across the country, every American community has become a border community. In a recent transcribed interview before the Committee, one senior Immigration and Customs Enforcement (ICE) official admitted that instead of arresting illegal aliens who pose public safety threats and national security threats at the border, some ICE officers have been reassigned to tasks that facilitate illegal alien releases into the United States.⁵

The Biden-Harris Administration’s radical policies ensure that criminal illegal aliens can remain in the United States indefinitely, even after they have committed a crime. As the Committee documented in an April 2024 report, ICE has instructed its officers to first consider irrelevant factors such as an illegal alien’s high blood pressure, diabetes, caregiver status, and other “mitigating factors” before ever arresting a criminal alien.⁶ Consequently, the Biden-Harris

Administration is removing from the country far fewer criminal aliens than the Trump Administration. For example, “in fiscal year 2023, ICE removed 41 percent fewer aliens with criminal convictions and criminal charges than in fiscal year 2020—and nearly 60 percent fewer than in fiscal year 2019.”⁷ As a result, the number of criminal aliens free in the United States totaled more than 617,000 by December 2023—and is likely growing daily because of the border crisis.⁸

Since February 2023, the Committee has requested information, including alien files (A-files)—DHS records that contain immigration case history about individual aliens—relating to illegal aliens who have committed serious and violent crimes in the United States during the Biden-Harris Administration. In some cases, due to the Administration’s refusal to disclose information about these criminal illegal aliens, the Committee has been forced to issue subpoenas. To date, DHS has provided the Committee with A-files relating to roughly 30 criminal aliens.

The information obtained by the Committee shows in stark terms the real-world consequences of the Biden-Harris Administration’s failure to secure the border and enforce immigration law. Taken as a whole, the Committee’s investigation into the criminal illegal aliens the Biden-Harris Administration has allowed to enter the United States exposes the widespread failure to adequately vet, apprehend, detain, and remove illegal aliens. In some cases, the illegal aliens had committed crimes in their home countries but were nevertheless released from DHS custody. In other cases, the illegal aliens had criminal records or were gang members and were still released into the United States. In all cases, the illegal aliens went on to commit crimes in American communities ranging from murder and robbery to brutal assault.

In 2017, then-Senator Kamala Harris asserted that “an undocumented immigrant is not a criminal”⁹ and mocked any plans to remove illegal aliens from the United States.¹⁰ Contrary to the border czar’s claims, many of the illegal aliens allowed to enter the United States under Vice President Harris’s watch are criminals who victimized Americans and terrorized U.S. communities. This interim staff report focuses on the case of just one criminal illegal alien, Bechir Lehbeib, and highlights how the open-borders policies of the Biden-Harris Administration ensured his release into the United States. According to new, nonpublic information uncovered by the Committee, Lehbeib, a Mauritanian national, was encountered at the southwest border in July 2023 with more than 200 other illegal aliens.¹¹ As the Committee’s report details, after Lehbeib arrived in Arizona, the Biden-Harris Administration promptly released him into the United States.¹² He later committed an antisemitic attack in New York.

THE CASE OF CRIMINAL ILLEGAL ALIEN BECHIR LEHBEIB

For more than three-and-a-half years, President Joe Biden and “border czar” Vice President Kamala Harris have orchestrated the largest mass release of illegal aliens into the country in American history. Well over 7 million illegal aliens are now in the United States because of the Biden-Harris Administration’s radical immigration policies.¹³ The results are all too predictable: cities overwhelmed, public services crushed, and communities shattered by the criminality of some illegal aliens.

Although the Biden-Harris Administration claims that illegal aliens are vetted before being released into the United States, the reality is much more disturbing. As one federal district court judge has observed, the checks that DHS currently performs on illegal aliens encountered at the southwest border should concern every American. As Judge Wetherell explained in 2023:

Although DHS says it is screening arriving aliens . . . to determine if they are a public safety threat, the more persuasive evidence establishes that DHS cannot reliably make that determination. Indeed, according to [the Administration’s] own witnesses, DHS has no way to determine if an alien has a criminal history in his home country unless that country reports the information to the U.S. government or the alien self-reports. Therefore, DHS is mainly only screening aliens at the border to determine if they have previously committed a crime in the United States, and because many of these aliens are coming to the United States for the first time, DHS has no idea whether they have criminal histories or not.¹⁴

Indeed, the biometric and biographic data of illegal aliens, including that of the millions of illegal aliens who have entered the U.S. during the Biden-Harris Administration, are only vetted against U.S. criminal databases, such as the National Crime Information Center (NCIC), and against INTERPOL information.¹⁵ Immigration authorities do not vet illegal aliens against databases in the aliens’ countries of origin.¹⁶ As a result, if there is derogatory information about an alien in that alien’s home country, the current checks are unlikely to reveal it. As former Border Patrol Chief Rodney Scott testified to the Subcommittee on Immigration Integrity, Security, and Enforcement in 2023, the U.S. government has “very, very minuscule data” available when an alien arrives at the southwest border because “[c]rimes committed by a foreign national outside the U.S. rarely appear in [U.S.] databases.”¹⁷

The consequences are dire, with illegal aliens committing crimes against Americans at an alarming rate. Since the beginning of the 118th Congress, Chairman Jim Jordan and

Subcommittee Chairman Tom McClintock have requested files and information related to dozens of illegal aliens who have committed violent and serious crimes during the Biden-Harris Administration. This report focuses on just one of the millions of illegal aliens released by the Biden-Harris Administration: Bechir Lehbeib.

Illegal Alien Bechir Lehbeib Assaulted a Man in New York as part of an Antisemitic Attack.

According to press reports, on February 4, 2024, police in Nassau County, New York, arrested Bechir Lehbeib, a 26-year-old from Mauritania, who “stole a homeowner’s U.S. and Israeli flags out of his yard and then beat the man to the ground while yelling antisemitic slurs.”¹⁸ Lehbeib was charged with “hate crime assault, robbery[,] and criminal mischief.”¹⁹ Authorities believe that Lehbeib “entered the U.S. at the Mexican border in Arizona over the summer and claimed to be seeking asylum.”²⁰

Following these reports, on February 8, 2024, the Committee on the Judiciary sent a letter to DHS requesting all case history information for the alien, including his alien file (A-file).²¹ DHS failed to produce the documents and, accordingly, on April 11, 2024, the Committee reiterated its outstanding request for Lehbeib’s A-file, among other outstanding requests for A-files.²² Pursuant to the Committee’s follow-up letter, on May 3, 2024, DHS produced Bechir Lehbeib’s A-file.²³

The Biden-Harris Administration Released Illegal Alien Bechir Lehbeib into the United States in 2023.

The Committee’s review of Lehbeib’s A-file reveals that the Biden-Harris Administration facilitated Lehbeib’s release into the United States and allowed him to remain free on American streets for seven months until after he committed an antisemitic attack in New York state. Border Patrol agents apprehended Lehbeib, a native and citizen of Mauritania, near Lukeville, Arizona, on July 20, 2023.²⁴ Lehbeib “was apprehended within a group of 226 individuals.”²⁵ Upon apprehension, Lehbeib claimed a fear of return to Mauritania and was referred to an asylum officer.²⁶ Two days later, on July 22, 2023, DHS released Lehbeib “[o]n [his] own

recognizance”²⁷ with a Notice to Appear in immigration court on October 23, 2024.²⁸ Lehbeib eventually moved to Jamaica, New York.²⁹

DISPOSITION/ADDITIONAL INFORMATION:

Bechir LEHBEIB is been served with a Notice to Appear (NTA) I-862 form and approved for release on their own recognizance with an I-220 (A) form containing reporting instructions for the nearest ICE/ERO office to their intended destination. LEHBEIB is being RELEASED ON THEIR OWN RECOGNIZANCE.

Above: Lehbeib’s alien file reveals he was released on his own recognizance just two days after he was apprehended illegally crossing the U.S.-Mexico border near Lukeville, Arizona, in July 2023.

On February 4, 2024, officers with the Nassau County Police Department arrested Lehbeib for robbery, assault, and criminal mischief.³⁰ According to a police report, Lehbeib “walk[ed] up to [the victim’s] property” and tore two flags from the home: “[O]ne flag was of standard size[] with a half American[,] half Israeli flag pattern” and the other was “a smaller banner sized flag with writing stating[,] ‘In this home we stand with Israel.’”³¹ When the victim confronted Lehbeib, he punched the victim, headbutted him, and threw the man to the ground.³² Lehbeib and the victim “were involved in several altercations where [Lehbeib] continued punching the victim’s face with a closed fist[,] causing more swelling and pain.”³³ Lehbeib also “threw both flags on the ground and stomped on them.”³⁴

On February 6, 2024, ICE issued a warrant for Lehbeib’s arrest and lodged an immigration detainer against him.³⁵ ICE determined Lehbeib was both a “threat to public safety” and a “border security threat.”³⁶ In March 2024, a New York grand jury indicted Lehbeib “with multiple hate crime charges” after the “anti-Semitic attack.”³⁷ Lehbeib “faces up to 25 years in prison.”³⁸ His immigration court hearing is scheduled for October 23, 2024, in New York City.³⁹

CONCLUSION

The disastrous immigration policies of the Biden-Harris Administration have had real-world consequences for American citizens. The effects of those policies will be felt for years to come, with criminal aliens in American neighborhoods harming families and hurting public safety across the country. Lehbeib's victim will never be the same because the Biden-Harris Administration allowed illegal alien Lehbeib to enter the country. Tragically, Lehbeib's victim is not alone.

For 16 months, President Biden, Vice President Harris, and Senate Democrats have failed to consider the House-passed H.R. 2, the Secure the Border Act of 2023, despite rapidly deteriorating conditions both at the border and in the interior. To secure America, the Senate must pass, and President Biden must sign into law, H.R. 2. In the meantime, the Committee and Subcommittee will continue to conduct vigorous oversight to inform legislative reforms to address President Biden and Vice President Harris's dangerous immigration policies.
