• Pentagon's Crackdown on Diversity Policies: The Pentagon continued its purge of anything related to diversity, equity and inclusion, ordering all military leaders, commands and academies to review all of the books in their libraries that address racism and sexism. • Trump and the G.O.P. Money World: The president is harnessing the Republican Party's all-encompassing deference to him to exert even greater control over the G.O.P. big-money world, which had long been one of the party's final remaining

• White Afrikaners as Refugees: Although the president halted virtually all other

refugee admissions shortly after he took office, the Trump administration is

planning to bring the first group of white South Africans it has classified as

refugees to the United States, according to officials briefed on the plans and

• Legal Tool Key to Civil Rights Enforcement: President Trump has ordered federal

agencies to halt their use of "disparate-impact liability," which has been used to
