 About Us

About Us

The Rosedale Group is a privately-held, family-owned Canadian transportation and warehousing company. Opening its door with a fleet of one truck and two customers, today, Rosedale has grown to 15 terminals with a fleet of 40 straight trucks, 500 tractors, and 1300 trailers that are operated and supported by over 800 employees.

Rosedale’s growth was based on quality service, competitive rates, and the strength of its people. These factors remain, to this day, why our customers choose Rosedale for transportation and warehousing.

For years, Mississauga, Montreal, and Ottawa were our only terminals. That evolved to include London, Barrie, Quebec City, Granby, and Dalton, Georgia. In 2001, Rosedale expanded into Western Canada, with terminals now in Winnipeg, Saskatoon, Regina, Edmonton, Calgary, Vancouver and Kelowna. [See all our current locations.](#)

Over our long history in transportation, we have steadily improved our people resources, technology, equipment, and terminal network. Rosedale continues to offer quality service to its customers and is committed to getting the job done and done right.
