A mystical rabbi has warned that nations and leaders seeking to harm Israel will face divine retribution, with floods, earthquakes, and other natural disasters signaling the beginning of the prophesied [Gog and Magog](#) war and the imminent arrival of the Messiah.

In a YouTube video released on Tuesday, Israeli Kabbalah Rabbi Nir Ben Artzi delivered a fiery message aimed at those who he claims are trying to disrupt the people and state of Israel. "The Master of the Universe will destroy these nations," he proclaimed, warning that leaders who target the Israel Defense Forces, harm Israeli citizens, or desecrate the [Holy Land](#) will be met with catastrophic consequences. "Even now, He is destroying them. The entire world is in chaos, as foretold in Gog and Magog."

Ben Artzi pointed to a series of impending disasters as divine punishment for nations that oppose Israel. "Their countries will be destroyed by floods, earthquakes, volcanic eruptions, fire and brimstone, and severe winds. The presidents and heads of these countries will perish; they will not live," he said, adding that their downfall will be witnessed by all through media coverage. "This is the beginning of the revelation of the Messiah so that they will no longer disturb Israel."
