RANKING MEMBER ROBERT GARCIA LEADS OVERSIGHT DEMOCRATS IN FILING PAM BONDI CIVIL CONTEMPT RESOLUTION

Washington, D.C. — Today, Rep. Robert Garcia, Ranking Member of the House Committee on Oversight and Reform, and all Democratic Members of the Committee filed a [resolution](#) to hold former Attorney General Pam Bondi in civil contempt of Congress after she failed to appear for her legally-binding, bipartisan subpoena to be deposed on the Epstein investigation and the White House’s cover-up of the Epstein files. The resolution would instruct the House of Representatives to go to court to compel Bondi’s testimony.

“Pam Bondi has illegally defied our committee, skipped her deposition, and has refused to cooperate. We have introduced a contempt resolution, to hold her accountable. Bondi has extensive personal knowledge about the Trump Administration’s handling of the Epstein files, and regardless of her job title, her testimony and cooperation are crucial. The survivors of Jeffrey Epstein’s abuse deserve answers and the American people deserve the truth. Oversight Democrats are taking the lead on holding Bondi in contempt because Chairman Comer is trying to run out the clock, and we refuse to let this Administration stop our investigation,” **said Ranking Member Robert Garcia.**

In March 2026, the Committee on Oversight and Government Reform secured a bipartisan subpoena for then-Attorney General Pam Bondi following a motion by Congresswoman Nancy Mace supported by all Committee Democrats, joined by Republican Rep. Nancy Mace, Rep. Lauren Boebert, Rep. Michael Cloud, Rep. Scott Perry, and Rep. Tim Burchett. The bipartisan subpoena passed the House Oversight Committee 24 to 19. On April 14, 2026, Pam Bondi refused to appear for her deposition before the Oversight Committee, despite the lawful bipartisan subpoena the Committee issued. The subpoena remains legally binding, even after Bondi was fired. The subpoena followed the Department of Justice’s botched release of the Epstein files and the continued White House cover-up.
